Founded in 1884, The Open Hearth Association (The Hearth) is the oldest continuously operating housing program for men on the East Coast. Our mission is to help men experiencing homelessness enhance their capacity for self-help, self-respect, and dignity, and to achieve their full potential as responsible citizens of Greater Hartford and Connecticut.

The Open Hearth offers a range of services to men in all its housing programs including case management, employment, and housing counseling, on-site medical and behavioral healthcare, and assistance accessing community resources. A summary of our current services includes:

Shelter and Rehousing Program (SRH): We offer a total of 55 beds for homeless men and provide a range of critical services, tailored to each man's identified needs.

The Extended Program (TEP): A supportive housing program for men who need a longer length of stay, are employed, or have access to revenue and would like to focus on recovery.

The Open Hearth at Catherine's Place (TOHACP): Men who have progressed from TEP with a continued focus on recovery.

Department of Corrections (DOC) Residency Program: A 40-bed program for men re-entering the community after incarceration.

The Working Man's Center (WMC): A program that helps our residents prepare for, pursue, and secure employment.

Your support enables men to re-engage with their families, their neighborhoods, and our community – in short, you are helping men transform their lives.
